CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. BUSINESS REVIEW

For the period under review, the demand for natural resources remains stable. Prior to 2008, the Group was principally engaged in investment holding, hotel services and computer software solution. On 27 March 2011, the Group acquired 35% of Yuet Sing Group Limited ("Yuet Sing") as associates. Yuet Sing holds 100% of Risheng Century (Hubei) Mining Company Limited, which is engaged in vanadium mining and exploitation at Jingyang town, Jianshi County, Hubei Province, PRC. These will provide a great potential for the business growth as the Group is able to step into the natural resources business.

Following the acquisition of Loyal King Investments Limited and its subsidiaries (the "Loyal King Group"), the Group is able to explore into the development of entertainment and gaming activities. With the strong and competent information technology staff of the Loyal King Group, the Group is able to maintain a stable income from the business.

The Group has taken steps for market research on the current demand and expectation of online game customers. The related sales and promotion advertising activities has been adopted through internet and other medium platform.

By the acquisition of assets of Eliza Park Pty. Limited by Eliza Park International Pty. Limited in August 2013, the Group had entered into the horse trading and stud business in Australia. As the demand for race horses has covered quickly since 2008, due to the resuming economies, latest development of horse racing business particularly in Asia and the increasing prize sums for races in Australia, the Group would contribute to a great extent by offering its clientele a total range of thoroughbred related services, including breeding, rearing, sales, agistment, spelling, education, administration advice and training.

MANAGEMENT DISCUSSION AND ANALYSIS

PROSPECTS

The major business activities of the Group include information technology service and equine service during the period.

The Group continues to operate and allocate resources to information technology service and equine service businesses as they can provide stable income to the group.

In August 2013, the Group had completed a purchase of one of Australia's largest stud farms, Eliza Park, in offering its clientele a total range of thoroughbred related services, including breeding, rearing, sales, agistment, spelling, education, administration advice and training.

Future plans include the purchase of bloodstock from the global marketplace, which would then be raised and traded when they reached a certain age. In addition, a research will be launched for building new pre-training and racing facilities which will include an uphill, all-weather, undercover training track, along with the training infrastructure. Eliza Park International Pty. Limited has every intention of living up to its name by taking its brand to the global stage.
