INTERIM RESULTS ANNOUNCEMENT
FOR THE SIX MONTHS ENDED 30 SEPTEMBER 2014

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a high investment risk may be attached other than companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the Directors collectively and individually accept full responsibility, includes particulars given in compliance with the GEM Listing Rules for the purpose of giving information with regard to the Group. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

Administrative expenses made an increase of 40% to approximately HK\$118,872,000 compared to approximately HK\$84,777,000 in 2013. The increase was mainly due to the increase in expenses incurred in equine services business.

Business Review

For the period under review, the demand for natural resources remains stable. Prior to 2008, the Group was principally engaged in investment holding, hotel services and computer software solution. On 27 March 2011, the Group acquired 35% of Yuet Sing Group Limited (“Yuet Sing”) as associates. Yuet Sing holds 100% of Risheng Century (Hubei) Mining Company Limited, which is engaged in vanadium mining and exploitation at Jingyang town, Jianshi County, Hubei Province, PRC. These will provide a great potential for the business growth as the Group is able to step into the natural resources business.

Following the acquisition of Loyal King Investments Limited and its subsidiaries (the “Loyal King Group”), the Group is able to explore into the development of entertainment and gaming activities. With the strong and competent information technology staff of the Loyal King Group, the Group is able to maintain a stable income from the business.

The Group has taken steps for market research on the current demand and expectation of online game customers. The related sales and promotion advertising activities has been adopted through internet and other medium platform.

By the acquisition of assets of Eliza Park Pty. Limited by Eliza Park International Pty. Limited in August 2013, the Group had entered into the horse trading and stud business in Australia. As the demand for race horses has covered quickly since 2008, due to the resuming economies, latest development of horse racing business particularly in Asia and the increasing prize sums for races in Australia, the Group would contribute to a great extent by offering its clientele a total range of thoroughbred related services, including breeding, rearing, sales, agistment, spelling, education, administration advice and training.

Prospects

The major business activities of the Group include information technology service and equine service during the financial year.

The Group continues to operate and allocate resources to information technology service and equine service businesses as they can provide income to the Group.

Due to the announced Regulations in Indonesia concerning provisions of mining product export No. 29/M-DAG/Per/r/2012 and No. 574.K/30/DJB/2012, iron ores produced from the Two Iron Mines in Padang and Ende are not allowed to be exported from Indonesia, instead, they can only be sold locally before obtaining the Export Approvals. In view that the selling price of iron ores in the local market of Indonesia cannot sufficiently and effectively compensate the production costs of the Two Iron Mines, the Board has decided to suspend the operation of the Two Iron Mines pending the grant of the Export Approvals or change of laws in Indonesia to a favourable condition for the operation of the Two Iron Mines.

The board has been actively seeking opportunities to diversify the business scope and broaden the revenue base of the Group. In August 2013, the Group had completed a purchase of one of Australia's largest stud farms, Eliza Park, in offering its clientele a total range of thoroughbred related services, including breeding, rearing, sales, agistment, spelling, education, administration advice and training.

Future plans include the purchase of bloodstock from the global marketplace, which would then be raised and traded when they reached a certain age. In addition, a research will be launched for building new pre-training and racing facilities which will include an uphill, all-weather, undercover training track, along with the training infrastructure. Eliza Park International Pty. Limited has every intention of living up to its name by taking its brand to the global stage.
